

CAPABILITY STATEMENT

Our commitment to quality, integrity, and customer satisfaction is evident in every aspect of our operations.

ABOUT US

Training built for the industry; by the industry

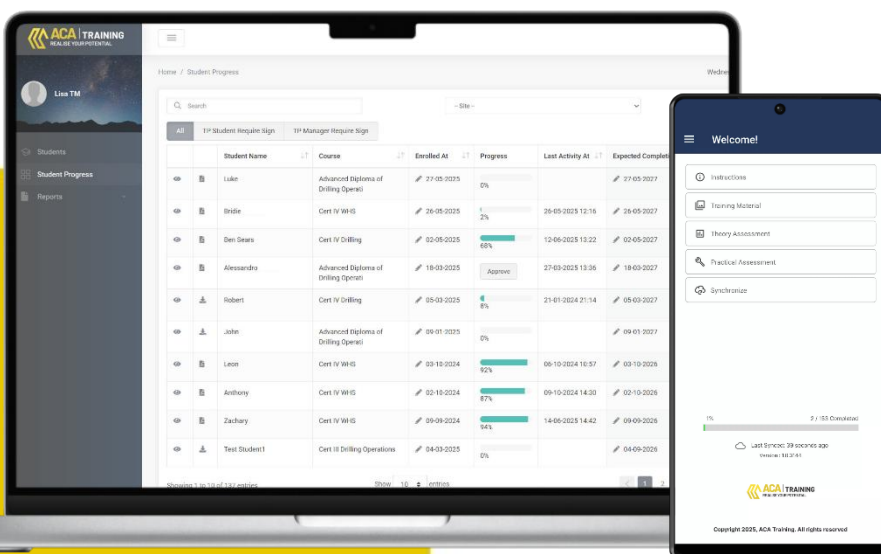

ACA Training is the result of years of industry-focused and training expertise, aimed at helping professionals in the mining, civil construction, and safety sectors reach their highest potential.

From entry-level certifications to advanced leadership courses, ensuring workers are equipped with the necessary skills and knowledge not only for current challenges but also for the future. Our proactive approach keeps pace with the technological and operational demands of an ever-changing industry.

A totally online training company (RTO) servicing the trenchless technology, mining and civil construction industries using new and emerging technologies to increase mine site safety by removing all paper from the training process and the logistical difficulties of sending assessors to site to stand in the line of fire in high-risk environments to tick boxes on sheets of paper.

All study is completed on personal/mobile devices and saved in the cloud. Company managers have a portal through which they can see everything that their workers are doing.

The ACA Training App works internationally and off-line.

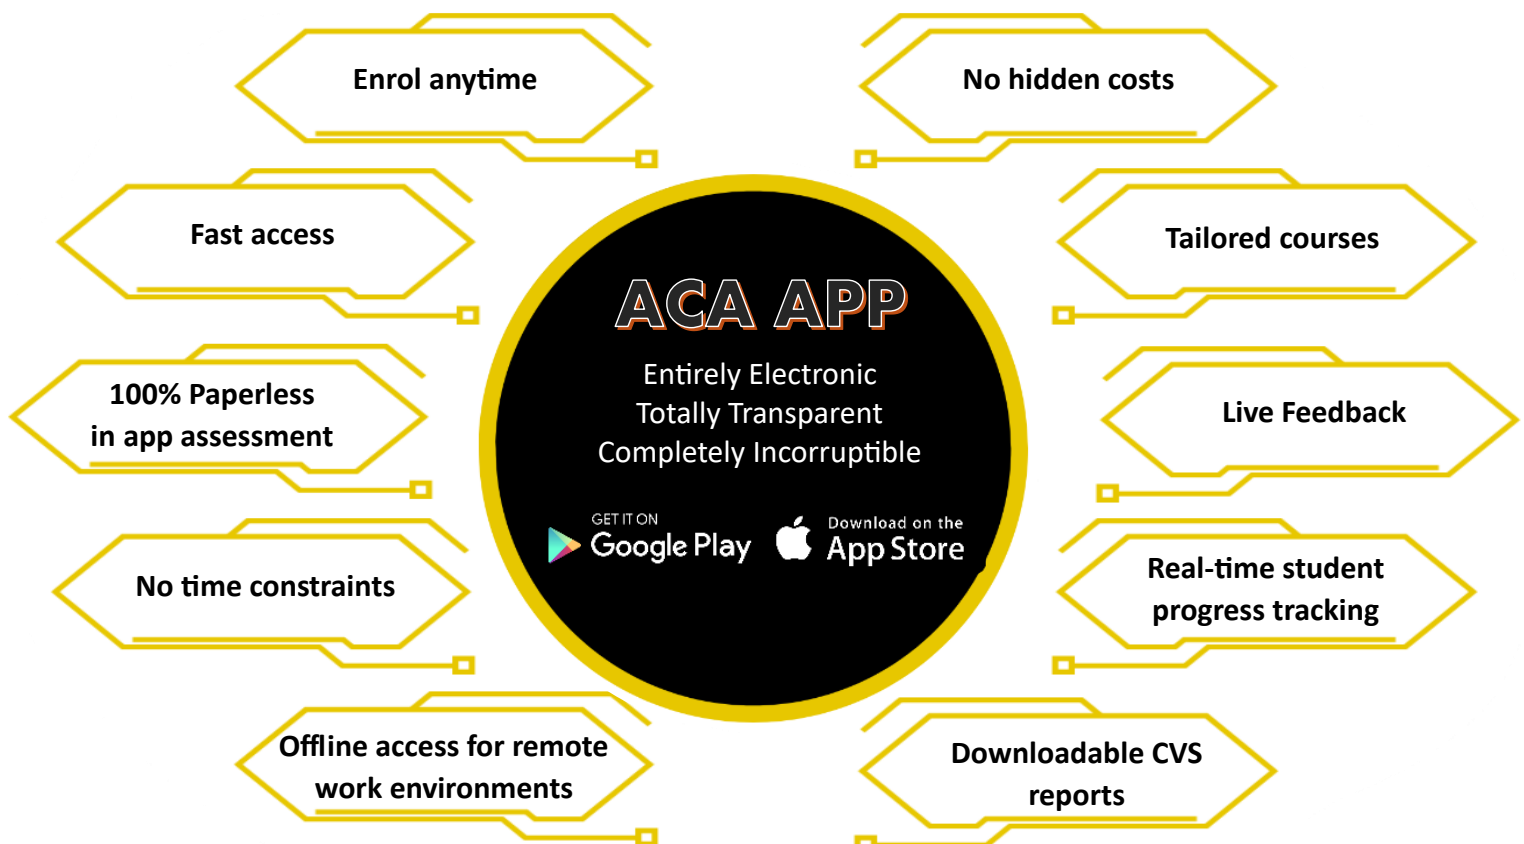

WHY CLIENTS CHOOSE US

We don't follow the standard—we've redefined it

When we couldn't find a training system that worked for our sector, we built our own. The ACA Training App transforms how industry delivers training and assessments:

Goodbye paper, hello progress

All our core units are holistically mapped to minimise repetition, ensuring a streamlined and efficient learning experience for our students. With an entirely electronic, transparent, and incorruptible training process, combined with our multifunctional team who have extensive industry experience and qualifications, it's no surprise industry leaders are turning to ACA as the benchmark in drilling training.

OUR TRAINING SOLUTIONS

Civil and Mining Qualifications

RII30820 Certificate III in Civil Construction Plant Operations
RII30520 Certificate III in Mining Exploration
RII30120 Certificate III in Surface Extraction Operations

Drilling Qualifications

RII20920 Certificate II in Drilling Operations
RII31820 Certificate III in Drilling Operations
RII40920 Certificate IV in Drilling Operations
BSB41419 Certificate IV in Work Health and Safety
RII50620 Diploma of Drilling Operations
RII60415 Advanced Diploma of Drilling Operations

Units of competence

Our stand-alone units are particularly useful for the reaccreditations for 4WD and WaHs.

All our stand-alone units are offered in:

- Full unit – students have not completed the unit before and has no experience.
- RPL – student is experienced, but has not completed the unit before.
- Re-accreditation – student holds the unit, but must complete the latest version.

All units are invoiced at \$500, regardless of the delivery method.

RIIWHS204E Work Safely at Heights

RIIVEH305F Operate and maintain a four-wheel drive vehicle

RIIHAN309F Conduct telescopic materials handler operations

RIIHAN311F Conduct operations with integrated tool carrier

RIIMPO319E Conduct backhoe/loader operations

RIIWHS202E Enter and Work in Confined Space

RIIMPO326E Conduct water vehicle operations

RIIMPO308E Conduct tracked dozer operations

RIIMPO337E Conduct articulated haul truck operations

RIIMPO338E Conduct rigid haul truck operations

RIICCM303 Conduct vacuum excavations

RIIMPO318F Conduct civil construction skid steer loader operations

RIIMPO321F Conduct civil construction wheeled front-end loader operations

SRMS – Units of competence

BSBWHS411 Implement and monitor WHS policies, procedures and programs
BSBWHS414 Contribute to WHS risk management

Supervisor short courses

BHP - On Site Supervisor
QLD Supervisor - G1, G8, G9

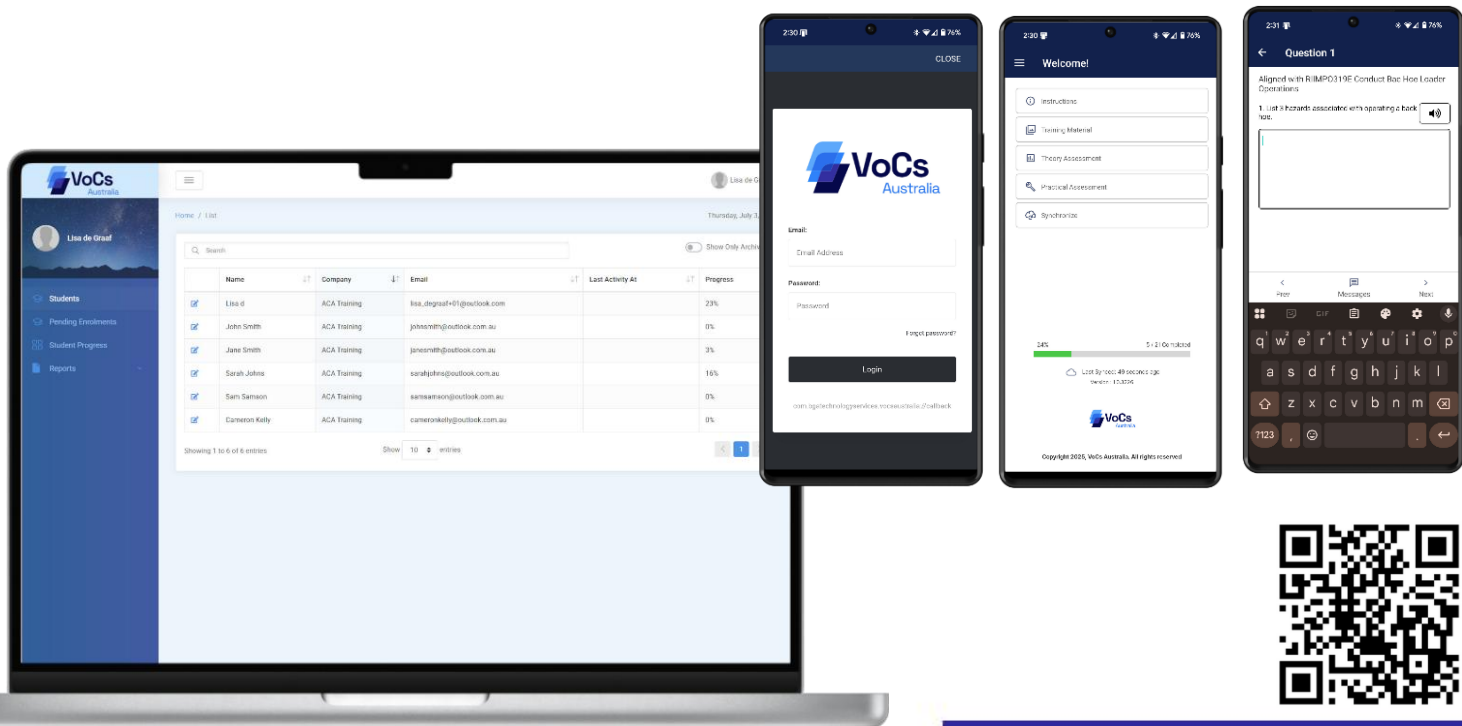

Where industry meets innovation— without the red tape

In addition to accredited training, The ACA Training App has been adapted for non-accredited uses. These include short task VOC assessments, Unit of Competence VOC assessments, refresher courses, and company inductions. By broadening the app's functionality, ACA Training has made it easier for companies to integrate training and assessment into their daily operations, offering a practical tool for companies of all sizes.

Ready to get started?

LET'S WORK TOGETHER

Join the RTO that's setting the standard

We've helped teams move from paper-based processes to real-time mobile training.

Whether you're a major contractor or a growing operator, we'll help your workforce gain the qualifications they need—on-site, on time, and on their device.

Proven Industry outcomes

"We are now seeing the qualifications become something that is to be earned not handed out which spells great news for the future generations of drillers"

~ Will Kerr | Senior HSEQ & Training Advisor | McKay Drilling

"Overall, I think that ACAT has a cutting edge industry product that has taken an industry which has been historically slow to change its processes, into the digital future".

~ James Flain | Business Development Manager | Impact Drilling

"The immediate feedback when evidence is uploaded ensures that the crew are on the right track and highlights areas where further training is required"

~ Alex Farrell | Operations Manager – Western Australia | Foraco Australia

"Feedback from industry, shows that ACA Training is meeting a genuine industry need. The app allows training to be accurately assessed and ensures we continue to train and upskill the next generation of drillers".

~ Jeff Miller | Chief Executive Officer | Australian Drilling Industry Association.

"Using audio and visual techniques as evidence gathering is brilliant, the students really think about what they are doing and submitting because it's getting looked at so the assessment criteria cannot be overlooked."

~ Simon Shamasian | Training Coordinator – Mining | SRG Global

"We have great results working with ACA Training who delivers high-quality services. This fosters happy learners, helps future-proof our workforce and supports long-term success".

~ Matt Linforth-Brown | General Manager | Deepcore Drilling
